9.15 - 4.00pm

Maidstone
Kent

Venue:

Oakwood House, Oakwood Park, Maidstone, Kent, ME16 8AE.

Aims:

In December 2015 headlines read "Child asylum seeker services 'at breaking point', says Kent County Council" following a summer of unprecedented numbers of Unaccompanied Asylum Seeking Children (UASC) arrivals putting pressure on staff, resources and local communities across the county.

In July 2016 the National Transfer Scheme came into being and other local authorities are now challenged with similar issues faced by Kent and are looking for guidance and good practice examples to help them with this new field of work. Many colleagues have been interested in finding out what worked, and what didn't for Kent especially in light of the recent Ofsted Inspection Report that highlighted our Good work with UASC and ongoing commitment.

This conference will focus on sharing good practice around assessment, care, education, health and wellbeing of the Unaccompanied Asylum Seeking Young People. Guest speakers and a series of workshops will be included.
