Supporting parents and schools to ensure the best outcomes for Previously Looked After Children.

*“ Having someone to talk to about my child gave me the confidence to ask school the questions I needed to ask. “*

**Parent of an adopted pupil.**

Virtual School Kent acts as a Local Authority champion to promote the progress and educational attainment of Children in Care. We have excellent working relationships with schools across Kent. VSK staff have expertise in educational issues, Special Educational Needs and a good understanding of the emotional and developmental impact and associated trauma with being taken into care.

Previously Looked After children are those children who have been in care and are now adopted, under Special Guardianship or Child Arrangement Orders.

Designated Teachers in schools have a responsibility to ensure that Previously Looked After Children are given the support they need to reach their full educational potential and it is VSK's duty to empower parents to advocate for their children as effectively as possible and provide guidance and support to the Designated Teachers to ensure that they are addressing children's needs effectively.

## How can VSKPLAC help you?

Frequently Asked Questions

### Phone Consultation

VSKPLAC can offer advice over the phone to parents and will suggest next steps for you to follow to ensure that your child is getting the right support.

This may include signposting you to other services, websites, explaining educational processes etc. Please see the back of this leaflet for further information.

### What is an EPPLAC Meeting?

Education Plans for Previously Looked After Children help schools and Early Years settings raise awareness of the needs and issues faced by these children and to encourage positive collaboration between home and school. The child centred approach to the meetings should ensure that the strengths and needs of your child are regularly reviewed by you and the school.

It is recommended that the meetings are summarised in an EPPLAC form which can then be reviewed when necessary. Guidance for use of the plans, forms and further information are available on the VSK website.
