

As well as allocating funds to schools via funded PEP targets for Kent CiC, VSK also provide access to the training, interventions and advice below. The first section demonstrates the core offer we have available to all. The second section shows the 'area specific' offer based on local provisions and the needs of the cohort. For further information about how the PP+ grant is used, please see our website.

The child will attend with an adult involved in their care, from a school or home setting. Children will attend 1 x 2.5 hour session per week.  Professional Training – CPD Enabling Learning for Children affected by Trauma and Poor Attachment – 3x 2 day course.			
Dare to Differ	Dare to Differ provide1-1 mentoring working on key issues impacting on our cohort. This can include friendship issues, confidence, reflecting on behaviour and attendance at school. This is initially a 12 week intervention with review to establish if the referral goals have been achieved or if more sessions are required. This work is normally completed in school, however alternative venues can used to support the young person if they would prefer.	Dare to Differ	All year round	Impact measures are assessed against the referral goals and the goals that the young person identifies in session 1. Informal observations and feedback from professionals feed into the overall assessment of the young person's progress. These are shared via reports presented via the Dare to Differ Portal.
